Everything is Energy

All matter is energy. Energy cannot be created or destroyed. It is the cause and effect of itself. It is evenly present in all places, at all times. Energy is in constant motion and never rests. It is forever moving from one form to another.

Energy follows thought

Bio Energy Protocol Assistant

Aga Kutajczyk-Talaj

I started my journey with Bio Energy when I realised that conventional medicine didn't offer all the answers to my questions, so I ventured the journey of self-study not only to become educated but also to

help my autistic child. In my earlier days this journey took me along wide detours including nutrition and herbalism and general interest in holistic living where connection to the nature is fundamental.

I received my qualification in Bio Energy Academy of Dublin. I specialise in these main forms of treatment:

- Bio Energy
- Aura, Chakras, Meridians electro-magnetic body fields
- Emotional Freedom Techniques (EFT)
The Planetary Tuning Energy Chimes.
- Dawson Program Corrective Sound Therapy
